Chair/Stool Foldable-(Wall Mounted)

Art No.	704
Colour	White
₹	6490

FEATURES

- **Strong and Sturdy:** This Chair has stability with high weight-bearing capacity upto 150 Kg , making the bench super strong and sturdy.
- **Foldable & Space Saving:** Shower chair can be folded flat against the wall, when not in use. This makes movement extremely easy in small bathrooms or shower space.
- **Stylish & Comfortable:** This chair has an elegant classic white design with a metal silver trim, smooth top surface, and rounded corners; due to which this single accessory raises the aesthetic value of a space.
- **Practical:** The folding shower bench from Viking is far more practical than bathroom chairs/stools with legs, such stools act as hurdles in movement and need to be put in and out every time for use.
- **Low Maintenance & Durable:** Non Corrosive material & no maintenance requirement make it perfect for areas with low upkeep & public places.
- **Multipurpose & Versatile:** Though primarily referred for bathroom use, this is not just a bath or Shower Chair. This chair serves many areas without much space like
 - Hospitals
 - Near shoe racks (wearing and taking off shoes)
 - Old Age facility/ Home
 - **Geriatric Suitability:** One of the most dominant features of this folding chair is the comfort and ease it provides for the elderly. One of the risky places for an aged person is a wet bath floor, common but quite unsafe, and this foldable shower bench sure provides a lot of stability in such cases.
 - **Medical Purposes:** Other than the above mentioned probable usage, this foldable stool is extremely handy in case of cases requiring extra care like in case of
 1. People with a knee problem
 2. Pregnant ladies
 3. People having trouble to sit on the floor.
- Trial rooms

WHAT IS THREAD SEAL TAPE :

Thread Seal Tape (Teflon Tape) is a common, inexpensive and effective thin yellow tape used to seal pipe threads being joined together for plumbing purposes. It is used to seal water, from leaking through threaded connections.

WHY THREAD SEAL TAPE USE :

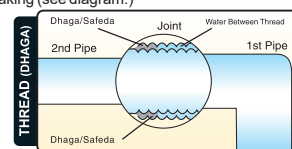

Thread Seal Tape Cover all Thread filling the gap between thread to thread minimizing chances of leakage (see diagram.)

NO CHANCE OF LEAKAGE.

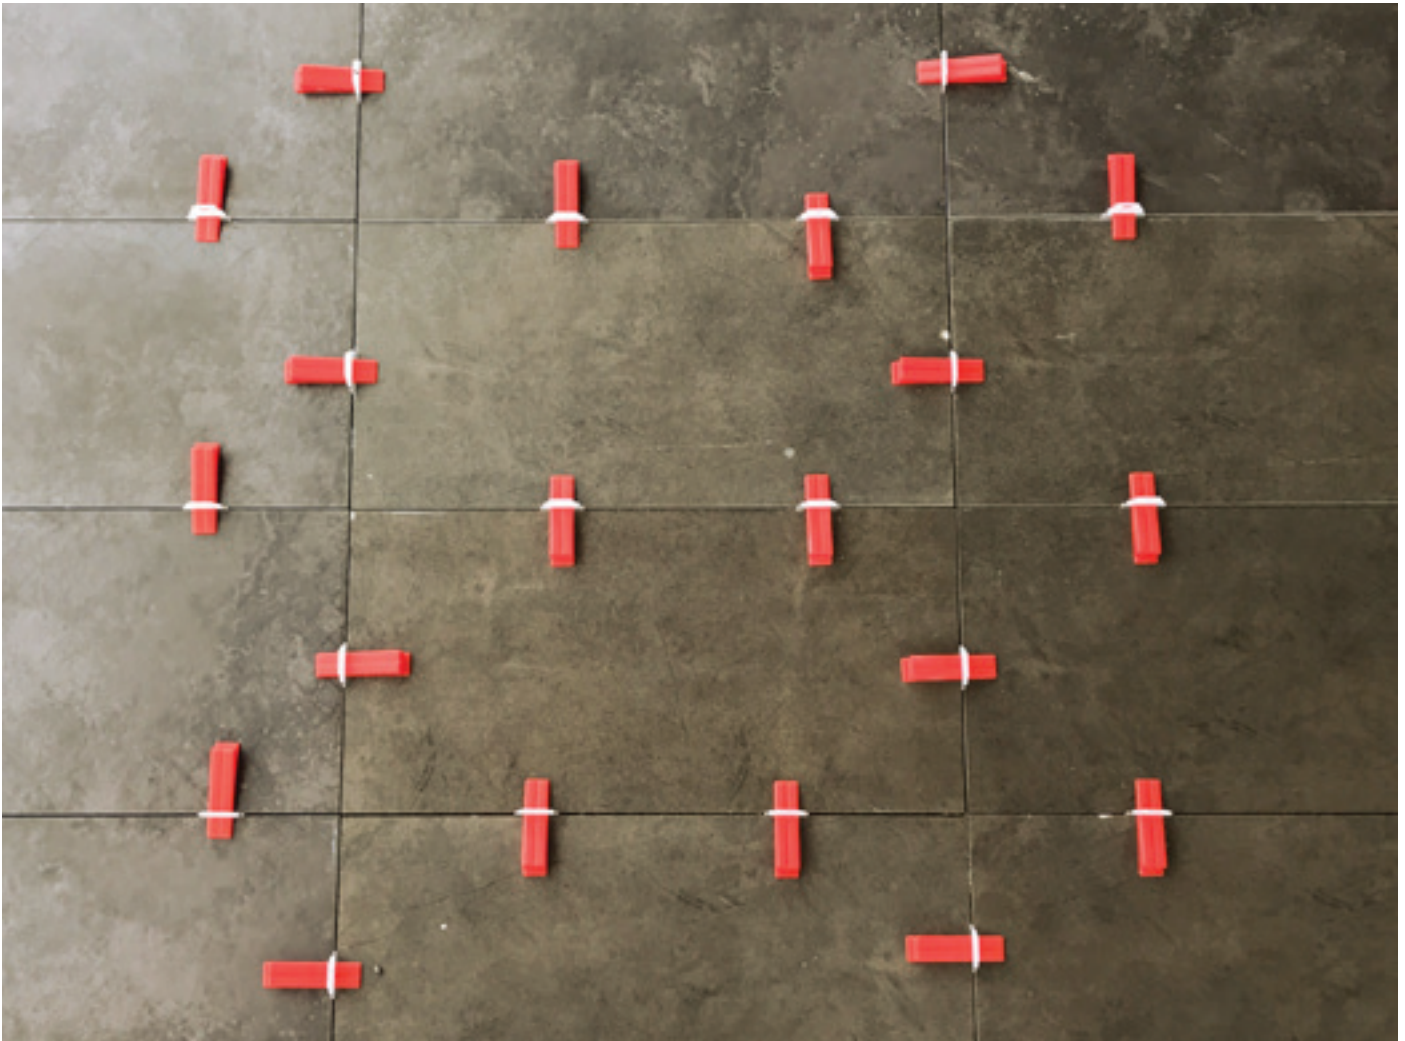

THREAD SEAL TAPE VS DHAGHA

Whereas plumber uses thread (knows as (dhaga/safeda) to seal joint pipe lines, thread only cover first few threads which has good chances of leaking (see diagram.)
